SESSIONAL PAPER No. 10c

## ANNUAL REPORT OF MR. G. O. BUCHANAN, SUPERVISOR OF LEAD BOUNTY CLAIMS.

PORT HANEY, B.C., January 7, 1917.

F. C. T. O'HARA, Esq.,  
Deputy Minister,  
The Department of Trade and Commerce,  
Ottawa.

SIR,—I beg to report that I have kept for statistical purposes, throughout the year, the usual record of the receipts of lead ores, from each of the shipping mines, at the smelter of the Consolidated Mining and Smelting Company of Canada, at Trail, which is the only lead smelter in operation in Canada.

I have also reported monthly to your office the quotations of the London Mining Exchange, upon which bounty payments are based. For this work, I am, in lieu of the regular salary, in receipt of a modest retaining fee.

The price of lead has remained, throughout the year, far above the limit of £17.18.9, at which, according to our sliding scale, the bounty is extinguished.

Lead, per ton of 2,240 pounds, was quoted in London, on January 3, 1916, at £30.7.6; March 20, £36.7.6; July 24, £27.15; and on October 11, £30.10, which latter quotation has stood unchanged.

The receipts of lead in ore, at the smelter for eleven months of the year, have been.....	57,587,407 pounds.
To which may be added for December (estimated).....	5,000,000 “
Making a total of.....	62,587,407 “

The prices for copper and zinc, as well as those of lead, have been more than double ante-war prices, and silver has shown an advance from 62 to 76 cents per ounce.

A plant for the recovery of zinc by an electrolytic process, has been put in operation by the Consolidated Mining and Smelting Company at Trail, and a home market has thereby been created for a by-product of the silver-lead mines, for which otherwise there appeared to be no outlet.

Both in Canada and the United States the metallic production has been limited by the capacity of the smelters and refineries.

There is no mining boom in British Columbia. The drain of the war upon the manhood of the province is severely felt, and skilled labour for mine work is hard to get. Equipment, machinery, explosives, and provisions are abnormally dear. Smelting facilities for an increased output do not exist and cannot immediately be supplied, and the hope of the early termination of the war is so strong that there is no disposition to depend, for more than a few months ahead, upon the present extraordinary scale of prices.

Nevertheless there is a large amount of mining development proceeding, based not at all upon war conditions, but upon the assurance that, after peace has come again, the mines of British Columbia will remain as one of the most available and unfailing resources of the Dominion.

I have the honour to be, sir,  
Your obedient servant,

G. O. BUCHANAN,  
*Supervisor of Lead Bounty Claims.*

7 GEORGE V, A. 1917

ANNUAL REPORT OF MR. SAMUEL POLLARD, ACTING INSPECTOR  
OF BINDER TWINE AND CORDAGE BOUNTY CLAIMS.

PETROLEA, ONT., January 23, 1917.

F. C. T. O'HARA, Esq.,  
Deputy Minister,  
The Department of Trade and Commerce,  
Ottawa.

SIR,—I beg to transmit by registered mail my annual report, "Production of Binder Twine for calendar year, 1916."

The manufacturers of binder twine and cordage have taken care of large orders, and their factories have been employing a large amount of labour and running to their full capacity.

The binder twine manufactured has been of a high standard in all grades, and has given excellent satisfaction in all districts.

The amount of twine manufactured, in tons, was 12,935.

The firms manufacturing binder twine and cordage are as follows:—

The Consumers Cordage of Montreal and Halifax.

The Plymouth Cordage Co., of Welland, Ont.

The Brantford Cordage Co., of Brantford, Ont.

All of which is respectfully submitted.

I have the honour to be, sir,  
Your obedient servant,

SAMUEL POLLARD,  
*Acting Inspector of Binder Twine, etc*

SESSIONAL PAPER No. 10c

ANNUAL REPORT OF MR. SAMUEL POLLARD, ACTING SUPERVISOR  
OF CRUDE PETROLEUM BOUNTY CLAIMS.

PETROLEA, ONT., January 29, 1917.

F. C. T. O'HARA, Esq.,  
Deputy Minister,  
The Department of Trade and Commerce,  
Ottawa.

SIR,—I have the honour herewith to transmit by registered mail the annual report of the "Production of Crude Petroleum for the calendar year of 1916," viz.:—

The production of crude petroleum for this year is somewhat less than the preceding year; this can be accounted for in two ways, the scarcity of proper help in one instance and the very high price of tubing and coal in the other.

The price for the year has been good, as per detailed slip enclosed. I look for much higher prices for the ensuing year, as I do not look for any falling-off in price to speak of while the war lasts.

There has not been any great amount of drilling for the year, but there has been some drilling at Thamesville in the Bothwell section; also some oil has been got at a shallow depth. As to the stability of the field I will be able to report later as they have only made one claim for bounty as yet.

There have been nine wells drilled in the township of Brooke, Lambton district, and they have also made one claim for bounty, and had a good production for November and December. I will be able to report as to the stability of this field when it has been in operation longer.

The production for the year is 6,890,681 gallons.

All of which is respectfully submitted.

I have the honour to be, sir,  
Your obedient servant,

SAMUEL POLLARD,  
*Acting Supervisor of Crude Petroleum Bounty Claims.*

**GOLD AND SILVER MARKING ACT, ADMINISTRATION OF.****ANNUAL REPORT OF MR. W. J. RYAN, INSPECTOR UNDER  
GOLD AND SILVER MARKING ACT.**

TORONTO, December 31, 1916.

F. C. T. O'HARA, Esq.,  
Deputy Minister,  
The Department of Trade and Commerce,  
Ottawa.

SIR,—As inspector under the Gold and Silver Marking Act of Canada, I beg to report the operations of the said Act for the year ending December 31, 1916.

It is gratifying to know that the policy of the Department of Trade and Commerce in administering the Act has produced results anticipated only by the most optimistic in the trade.

In 1911-12 the department was very considerate to make allowances for those who unknowingly failed to comply with all the requirements of the Act, and made it known to them that they were cognizant of what irregularities existed and requesting better observance of the Act.

In 1913, the Act was more rigorously enforced, and thirty convictions were registered. In 1914 there were sixteen convictions; in 1915 fifteen convictions, and this year there were but six convictions, and four of them were against transient traders. It is evident, therefore, that greater heed is being paid to the requirements of the Act by the reputable dealer established in Canada. The transient traders in the jewellery business are finding it more difficult to carry on the business they did formerly, and their numbers are growing less every year.

Of the two convictions other than the four mentioned, one was under section 11 of the Act which refers to silver electro-plated ware, and applies to ten manufacturers in Canada, nine of whom have conformed with every clause of the section. To do so, some went to considerable expense, but they felt that by so doing they would be compensated with an increase of trade resulting from the increased confidence of the public in their wares. The one exception was a manufacturer who refused to comply with section 11, subsection 7, and persisted in applying a trade mark containing the word "silver" to electro-plated ware manufactured by him. This offender was brought into court and convicted; the case has been appealed, and is now pending in the Divisional Court.

If section 11 is not upheld by the courts, it will undo the work that your department has been pursuing with diligence; that of keeping out of Canada a class of silver-plated ware that had no merit other than a catchy trade-mark or name applied to it, a mark that would convey the impression of superiority.

There are a hundred or more manufacturers of silverware in England, all of whom apply their names to articles made by them, and rely on the merit of their wares to make their name reputable and bring them increased trade; and in this age of veneer, merit is bound to tell. In the United States, with but a few exceptions, the practice is to apply such marks to their wares as will bring quick returns; marks such as "Superior Silver Co.," "American Silver Co.," "Royal Silver Co.," "Imperial Silver Co.," "Peerless Silver Co.," etc.

It is a source of gratification to report that the manufacturers of silverware in Canada, with but the one exception, prefer to emulate the English manufacturer.

SESSIONAL PAPER No. 10c

The remaining conviction was for applying a trade-mark not registered at Ottawa as required by the Act, and in this connection it might be mentioned that though there was no effort made to derive revenue from fines, the number of trade marks registered at Ottawa since the enforcement of the Act is about five hundred, and the revenue from this source is considerable.

I have the honour to be, sir,  
Your obedient servant,

W. J. RYAN,  
*Inspector under the Gold and Silver Marking Act.*

SESSIONAL PAPER No. 10c

# INSPECTION OF CERTAIN STAPLE ARTICLES OF CANADIAN COMMERCE INSPECTED UNDER PROVISIONS OF CHAP 85 REVISED STATUTES OF CANADA AND AMENDMENTS THERETO.

Before proceeding to tabulate the inspection of the different commodities dealt with in this Act, it is deemed advisable to make reference to an important amendment to same, known as chapter 36 of the statutes of 1914.

It provides for certain markings on barrels, bags and packages of flour, cereals and feed, and the weights per bushel and bag for vegetables, and its provisions apply to all Canada.

With respect to *Feed* due provision is made to ensure that the purchaser shall get what he is paying for. The proportion of the different ingredients which go to make up the weight of the bag must be marked thereon.

Over 300 letters have already been written in response to persons and companies making inquiries about the application and scope of this Act, (Chap. 36).

The principal sections concerning flour, cereals and feed are as follows:—

“**161.** Every barrel or half-barrel of flour, meal, rolled oats or rolled wheat, packed for sale, shall, by painting or branding on one end thereof, be plainly marked:—

“(a) with the initials of the Christian name and the surname at full length of the packer or the person for whom such barrel or half-barrel is packed, and with the place of business of such packer or person; or, where such barrel or half-barrel is packed by or for a copartnership or incorporated company, with the firm name of such copartnership or the corporate name of such company and with the place of business of such copartnership or company; and,

“(b) with the brand and weight of the flour or meal therein contained; and,

“(c) with the tare of the barrel or half-barrel.”

“**161A.** Every bag, sack or similar package of flour, meal, rolled oats, rolled wheat, or feed shall be plainly marked,—

“(a) with the initials of the Christian name and the surname at full length of the packer or person for whom such bag or package is packed, and with the place of business of such packer or person; or, where such bag, sack or other package is packed by or for a copartnership or incorporated company with the firm name of such copartnership or the corporate name of such company and with the place of business of such copartnership or company; and,

“(b) with the brand and the weight of the contents of the bag, sack or package;

“(c) the provisions of paragraph (b) as to brand shall not apply to feed, but the composition of the feed in each container shall be stated.”

“**161B.** The provisions of sections 161 and 161A of this Act shall not apply, —

“(a) when flour, meal, rolled oats, rolled wheat or feed is, in the presence of the purchaser, and for his own use, weighed and put into the barrel, half-barrel, bag, sack, or other package; nor,—

“(b) when any of those articles is sold for export out of Canada, if the purchaser requests that the marks, or any mark, required by the said sections be not put upon the barrel, half-barrel, bag, sack or other package.”

7 GEORGE V, A. 1917

“**175A.** Every person who sells, offers for sale, or has in his possession for sale, any bag, sack or similar package of flour, meal, rolled oats, rolled wheat or feed, which is not marked in accordance with the requirements of section 164A of this Act, shall be liable, on summary conviction, to a penalty of one dollar for every bag, sack or package not so marked; without prejudice to the civil remedy of any person aggrieved for any damage sustained by him.”

WEIGHTS PER BUSHEL AND BAG OF THE UNDERMENTIONED ARTICLES AS PROVIDED BY SECTION 337 OF CHAPTER 36, AMENDMENT TO INSPECTION AND SALE ACT, CHAP. 85, WITH PENALTY CLAUSE.

“**337.** A bushel of any article mentioned in this subsection shall mean, unless a bushel by measure is specially agreed upon, that number of Dominion standard pounds of such article which are shown in this subsection opposite the name of such article:

Description of Article.	Weight in Dominion Standard pounds.

**18.** Section 338 of the said Act is repealed, and the following is substituted therefor:—

## SESSIONAL PAPER No. 10c

"**338.** A barrel of potatoes shall mean, unless a barrel of specified size, kind or content by measure is specially agreed upon, one hundred and sixty-five Dominion standard pounds of potatoes."

"**356.** Every person who sells or offers for sale by the bag any of the vegetables mentioned in subsection 2 of section 337 of this Act, shall, in case any bag of such vegetables sold or offered for sale by him does not contain at least the number of Dominion standard pounds required by the said subsection, be liable, on summary conviction, to a penalty not exceeding twenty-five dollars for a first offence, and for each subsequent offence to a penalty not exceeding fifty dollars."

## FEES CHARGEABLE UNDER THE INSPECTION AND SALE ACT, CHAP. 85.

## FLOUR AND MEAL.

For such inspection and branding and marking the person who required the inspection thereof shall pay to the inspector for each and every barrel and half barrel of flour or meal so inspected and branded or marked the sum of two cents exclusive of the charge for cooperage, before such flour or meal is removed; and when any less quantity than one hundred barrels of flour or meal is offered for inspection at one time, the inspector shall be entitled to receive the full fees that would accrue to him on one hundred barrels.

As soon as any flour or meal is inspected, a bill of inspection shall be furnished by the inspector or deputy inspector without fee or reward, specifying neatly and legibly the quantity and quality ascertained by inspection, the gross weight of 5 per cent thereof, and the tare of 1 per cent thereof and the charges therefor, and the name of the mill at which the flour or meal was manufactured.

When the inspector in his judgment deems it necessary to strip or empty out the flour to find out if there is the proper weight of flour in any cask he shall be entitled to two cents for each barrel so stripped or emptied if it proves to be short weight in addition to the two cents per barrel for inspecting and branding.

## FEES CHARGEABLE UNDER THE INSPECTION AND SALE ACT, CHAP. 85.

*Fish Oil.*

Every inspector and deputy inspector who inspects and brands or marks any fish oil in accordance with the provisions of this Act, shall be entitled to fees at the following rates, which shall be paid by the original owner or the person who employed him in the first instance, that is to say:—

25. For inspecting, gauging and branding each puncheon of oil, twenty cents;
26. For inspecting, gauging and branding each hogshead of oil, fifteen cents;
27. For inspecting, gauging and branding each tierce of oil, twenty cents;
28. For inspecting, gauging and branding each barrel of oil, fifteen cents;
29. For inspecting empty packages, one cent.

Provided always, that any person causing his fish oil to be inspected, may employ at his cost and charges, a cooper to attend upon and assist the inspector or deputy inspector in the performance of his duty— in which case the inspector or deputy inspector shall not be allowed any charge for cooperage—and the cooper so employed shall be governed and guided solely by the directions which he receives from the inspector or deputy inspector with respect to any fish oil by him inspected, and not by any other person.

NOTE.—The Administration of the Inspection of Pickled Fish has been transferred to the Department of the Naval Service by chapter 45, 4-5 George V.

ANNUAL REPORT OF MR. ELZEAR COTE, CHIEF INSPECTOR OF  
HIDES—QUEBEC.

F. C. T. O'HARA, Esq.,  
Deputy Minister,  
The Department of Trade and Commerce,  
Ottawa.

SIR,—I have the honour to transmit my report for the year ending December 31, 1916.

During the year I investigated thirty-six complaints, covering, 3400 hides and, outside of Quebec, nine of the investigations were held as follows: Montreal 1, Three Rivers 1, Ste. Marie, Beauce 1, St. Malo 3, Nicolet 2, Limoilou 1.

On three occasions I visited Montreal, once, as above referred to, to adjust a dispute between the inspector and the tanners, and upon a reinspection by the two former and myself, the inspector's branding was found to be correct, and the tanners paid my expenses.

The other two visits were in connection with the removal to a central point in Montreal of the inspector's office, which was finally accomplished on the recommendation of the Board of Trade.

This, on the whole, is a summary of my work for the year just closed.

I have the honour to be, sir,  
Your obedient servant,

ELZEAR COTE,  
*Chief Inspector of Hides.*
